

REFERENCE LETTER

I have known the applicant Mr. Akmatov Talantbek for more than 10 years, since his undergraduate study at the Kyrgyz State University of Construction, Transport and Architecture (KSUCTA). Later, he has graduated the 5 years Diploma Geo Informatics from KSUCTA.

I know that Mr. Akmatov Talantbek was the best student among her classmates and obtained a financial support for university study program from the N.Isanov Foundation. He could make good progress on his studies and recognized as intelligent, qualified, communicable and leadership, with positively views and creatively thinking student. He always actively participated to university social activities during his student's years. He is able to express his ideas clearly in both writing and verbally, has academic interest and very good personal characteristics.

In parallel to the university programs, he was involved to Social Fund "CAMP Ala-Too" for realization of the project "Sustainable Geosystem development for use of natural resources in Central Asia" within GIZ programs. Talantbek took responsibility for the development of geodatabase for two provinces of Kyrgyzstan for Naryn and Batken areas. He periodically came to our department with questions for getting advices in the field of GIS. Finally, his created geodatabase within this project was consisted of water resources, pastures, settlements, types of vegetation, geo-botanic, and others where he could prepare very well geo-visualized maps and charts.

I am delighted to recommend the candidacy of Mr. Talantbek Akmatov for the FIG Young Surveyors Network. I believe that the applicant's excellent educational background, English knowledge and personal interest made his a very good choice to enhance her professional knowledge.

If you have any questions or wish to speak further about the applicant, please do not hesitate to contact me by phone +996 (312) 545602 or email: akylbek2005@yahoo.com .

Dr. Akylbek Chymyrov
